

Central Park

Mike Stud

I'm not from New York
But I wish I was
Cause I love the lights
And I miss your touch
But I haven't seen you since
That night in Central Park

Haven't seen you since 2019
Got me looking like a drake meme
When I pour out my feelings like this
You know I hate feeling like this
Didn't wanna go mainstream with me
Got it looking like a fake thing with you
Why you go and put a ceiling on this
When you don't like ceilings on whips

Hold on I don't wanna let go
When you're gone girl, it feels like Woah
I always say it but you already know
You're my home away from home cause

I'm not from New York
But I wish I was
cause I love the lights
And I miss your touch
But I haven't seen you since
That night in Central Park
Oh I heart NY
But it breaks for you
On that summer night
Now I can't stand June cause it
Always reminds me of that night in
Central Park

I don't wanna put a ceiling on this
I don't wanna put a ceiling on that
Didn't know I'd be feeling like this
I don't wanna put a ceiling on that

You don't even like ceilings on whips
I'm high as the ceiling at the crib I swear
I don't put a ceiling on shit
I don't put a ceiling on life

Ahhhhh
I don't put a ceiling on shit
I don't put a ceiling on life
Ahhh
Oooo
Yeah

100 floors above the park
We can't even hear the cars
Now I'm talking to the stars
Talking to your heart
Cheers to now and cheers to more
We can't hit that anymore

Marry you from the start
Marry you and thank god

I'm not from New York
But I wish I was
Cause I love the lights
And I miss your touch
But I haven't seen you since
That night in Central Park
Oh I heart NY
But it breaks for you
On that summer night
Now I can't stand June cause it
Always reminds me of that night in
Central Park

Never been up that high
I don't put a ceiling on shit
I don't put a ceiling on life

I'm not from New York
But I wish I was
Cause I love the lights
And I miss your touch
But I haven't seen you since
That night in Central Park
