Mike Stud

I think I'd miss you  
Even if we never met  
You know my texts are filled  
With things I probably should've pressed  
Send on  
I know you understand  
I drink to help forget  
You know I gotta be somewhere  
Yeah

But here's to tears  
Pour me one  
Pour me one up  
Cheers to tears  
Cheers  
Cheers to tears

I'm in that party going dumb, dumb, dumb  
I'm having fun and you see me having fun yeah  
I'm with the gang  
I'm always with the gang yeah  
And if I ain't  
The I ain't trying to hang  
It ain't the same  
She know they ain't the same yeah  
I'm saying things  
That they ain't wanna say  
Cause everybody going through some real shit yeah  
Not everybody trying to find it though

I think I'd miss you  
Even if we never met  
You know my texts are filled  
With things I probably should've pressed  
Send on  
I know you understand  
I drink to help forget  
You know I gotta be somewhere  
Yeah

But here's to tears  
Pour me one  
Pour me one up  
Cheers to tears  
Cheers  
Cheers to tears  
But cheers to tears

Here's to facing your fears  
Here's to going to places  
You only dreamed about  
I've been living my life  
I've been getting it right  
You see that space I'm in  
You see I ain't playing no games no more  
Not the same no more  
I ain't saying no more

If the rain don't fall  
Like the waves on the shore  
Then it can't hit home

I think I'd miss you  
Even if we never met  
You know my texts are filled  
With things I probably should've pressed  
Send on  
I know you understand  
I drink to help forget  
You know I gotta be somewhere  
Yeah

But here's to tears  
Pour me one  
Pour me one up  
Cheers to tears  
Cheers  
Cheers to tears
