

coastin (day)

Mike Stud

You know I never get it right
You know I never stay the night
You know I got another flight
Been getting money exercise

Pour another drink lemme tell ya the truth
I be feelin something when I'm talkin to you
Something in my body wanna get closer to you
Can't nobody do you like I do

You been stayin down
Still around like I'm sposed to
I'mma run it up
Fuck it up like I'm sposed to
Everybody else yeah they cool
But I chose you
Yeah I chose you
Ok now we just
Coastin

We was goin through it
But I knew that we could do it
If we hold on longer
Wish that you saw it
I thought it was different
That you knew that I was different
Tryna hold on shawty
Wish that you saw it

Ok now we just
Ok now we just
Wish
I wish
Ok now we just
Ok now we just
Wish
I wish

Had to go get me check
I don't mean no disrespect
Can't get right you gon get left
I don't know what you expect

Don't be actin shy when you up in the room
Like we never did it, you don't know what to do
Started fuckin round it was something to do
Can't lie to ya I got so used to you

You been stayin down
Still around like I'm sposed to
I'mma run it up
Fuck it up like I'm sposed to
Everybody else yeah they cool
But I chose you
Yeah I chose you
Ok now we just
Coastin

You was goin through it
But I knew that we could do it
If we hold on longer
Wish that you saw it
I thought it was different
That you knew that I was different
Tryna hold on shawty
Wish that you saw it

Ok now we just
Ok now we just
Wish

Ok now we just
Ok now we just
Wish
