

Murder what she wrote
Is it what she wanted

I can kill this shit like I'm Jeffrey Dahmer
Murder what she wrote, is it what she wanted
Miss me with that bull, miss me with that drama
And I don't really care unless it's bout the commas

I'm talking money talk
Hail Mary vibes yeah we going long
Money on the line I'm the underdog
She got money in her eyes so I cut her off

How you gonna do me wrong
How you gonna do me wrong

Murder what she wrote
Woke up on a boat
Woke up on a coastline
Wavy like an ocean
Dramamine and coca
Gotta stay afloat
Fuck her like a dog
But she call me the goat
And maybe she right
Got a crib that's overlooking seaside
Only call my line when she got that free time
And that's okay with me cause I need my me time
Need my me time
Yeah maybe she right

I can kill this shit like I'm Jeffrey Dahmer
Murder what she wrote, is it what she wanted
Miss me with that bull, miss me with that drama
And I don't really care unless it's bout the commas

I'm talking money talk
Hail Mary vibes yeah we going long
Money on the line I'm the underdog
She got money in her eyes so I cut her off

How you gonna do me wrong
How you gonna do me wrong

I can kill this shit like I'm Jeffrey Dahmer
Murder what she wrote, is it what she wanted
Miss me with that bull, miss me with that drama
And I don't really care unless it's bout the commas

I can kill that bitch like I'm Jeffrey Dahmer
Murder what she wrote, this is what she wanted
Now we in the hills doing what we wanna
This a fairy tale that end with a comma

How you gonna do me wrong
How you gonna do me wrong
