

# Do It

Mike Stud

Yeah, do it for the fam  
Do it for the fam  
Do it cause I can  
Even when I can't  
Everything I do I do it for the fam  
Everything I do  
Do it for the fam  
Even when I can't  
Yeah, I am just a man but I got a plan  
Now I'm on a mission  
When I talk they listen  
Everything I do

Lightspeed's the speed limit  
Got a new v with the key's in it  
Got a lot of room, put my G's in it  
It's not just me, nah we did it  
Everything I do  
Everything I do

Okay, ain't no I in team  
But there's definitely in me  
I only learn from what I see yeah  
Not what they speak  
And if they ain't up to speed  
They ain't riding with me  
And if they been down on me  
Well in time they will see  
That I'm just different  
Pay attention  
When I talk they listen  
I got a vision, I'm committed  
Now I go and get it  
Cause Imma ride or die  
If I fail to fly  
Imma live where I decide  
And gotta tell them why  
Cause you learn more from falling  
Then watching your step  
If there's more words in silence  
I'm holding my breath  
You can have the attention  
I want the respect  
I'm not holding my breath

Do it for the fam  
Do it for the fam  
Do it cause I can  
Even when I can't  
Everything I do I do it for the fam  
Everything I do  
Do it for the fam  
Even when I can't  
Yeah, I am just a man but I got a plan  
Now I'm on a mission  
When I talk they listen  
Everything I do

I do it for you  
Don't worry bout it  
Yeah I got you  
I do anything I got to, yeah  
Anytime they got a problem  
They know I got em  
Don't worry bout it  
Yeah I got you  
I do anything I got to, yeah  
Cause they don't really want no problems

You learn more from falling than watching your step
