Oh-oh-oh  
Yeah, yeah, yeah

Everybody wanna know  
Everybody wanna know  
Everybody wanna know  
Who that is  
Everybody wanna know  
Everybody wanna know  
Everybody wanna know  
Who that is

'Cause girls on drugs they just wanna have fun  
Girls on drugs they just wanna have fun  
Girls on drugs always trying to find something to do

Yeah  
Always down to turn up  
Always down to take it there  
Always on the murder scene  
Always killin' shit somewhere  
Ain't no fucking off days when it gets on  
They gon' learn the hard way  
Ain't that what they all say?

Everybody wanna know  
Everybody wanna know  
Everybody wanna know  
Who that is  
Everybody wanna know  
Everybody wanna know  
Everybody wanna know  
Who that is

'Cause girls on drugs they just wanna have fun (Ooh)  
Girls on drugs they just wanna have fun (Ooh)  
Girls on drugs always trying to find something to do (Ooh, yeah)

I'm hoping this week  
(Oh-oh-oh-oh-yeah)  
(Oh-oh-oh-oh)  
I'm hoping this week  
(Oh-oh-oh-oh-yeah)  
(Oh-oh-oh-oh)

Oh shit, the fucking sun's out  
Ayy, when they come back down from getting them cigarettes, let's do more  
I got more to say  
I got more to say

She never to dizzy to spin  
She never too busy to have a drink  
And she never to drunk to get in  
And it's never too late to start up again  
And girls on drugs they just need a little love and a lil' extra to get by  
Then they gotta make sense in anybody else's head, then they prefer to get by  
y hi-hi-high (Alright)

And then they can't afford everything they fall in love with  
Burns right down to the ground  
'Cause girls on drugs they just need a little love and a lil' extra to get back up again  
Girls on drugs make us to waste it  
Face is numb, got some they'll take it  
Always fun, fun 'til it burns out  
But they never gonna come down  
They never gonna come down  
They never gonna come down  
They never gonna come down  
Yeah  
Girls on drugs they just wanna have fun  
Go skiing in the summer and everybody loves it  
And she only comes around and she always got some, yeah  
Girls on drugs, they only want fun  
(Girls on drugs) Just do what you got to do  
(Face is numb) They never gonna come down  
(Always fun) Just do what you got to do  
It's a long way down  
Ooh, livin' too fast  
They never gonna come down  
Ooh, livin' too fast  
It's a long way down
