Mike Stud

Is it all about love
Is it all about trust
Is it all about the party
Is it all about drugs
Is it all about you, you, you
Every little thing you do, do, do
Is it all about the view
Is it all about the love
Is it all about the trust
Is it all about the buzz
Every little thing you do, do, do
Feels like it's 'bout you, you, you
Yeah
(Yeah)

My load is heavy
Let's keep it light
I just been doing the shit I like
She said I sound new, it's a different mic
Let's save that shit for a different night
My ex said I'm runnin' wild, bitch I might be
Can't keep me in check like a fuckin' Nike
But I did a deal for some fuckin' Nike's
Nothing I said is a fuckin' lie
Check my whole catalog you won't find one
Not one lie one time

It's love for my brothers
Got none for these bitches
And all I've been saying is gang gang
I'm sick and tired of being 'round people
That don't even care 'bout the same things
I turned these dollars I got into millis
Now no one can tell me a damn thing
Came up on some change, but ain't nothing changed
Yeah I'm runnin' 'round with the same gang

Is it all about love
Is it all about us
Is it all about the party
Is it all about drugs
Is it all about you, you, you
Feels like it's 'bout you, you, you
Is it all about the crew
All about the who's who
When it's quarter past two
Skinny dippin' in the pool
What the fuck you do, do, do
Why's it all about you, you, you

My phone been jumpin' like every night
If I would drop it I bet it'd fly
I don't feel nothing I'm better off
They throwing stones I just let it rock
There's only one eye like I'm Fetty Wap
I will not stop to confetti drop
With a heavy heart, ready or not

Ready or not

It's love for my brothers
Got none for these bitches
And all I've been saying is gang gang
I'm sick and tired of being 'round people
That don't even care 'bout the same things
I turned these dollars I got into millis
Now no one can tell me a damn thing
Came up on some change, but 'ain't nothing changed
Yeah I'm runnin' 'round with the same gang
