

Get Out

Mike Stud

Every girl got it
You just gotta get it out her

She got it in her so I gotta get it out her
She got it in her so I had to get it out her
She got it in her, yeah I had to get it out her
She got it in her, yeah I had to get it out her
She dirty dancing so I took her in the shower
Bust it bust it bust it for her now
Then I bust it 'til she blossom like a flower
Then I burn some when I skrirt in the baller

Eddie Bauer in the expedition we were cruising
We was up at Ratty's, went the same as if they knew me
Different breed, and I'm a different motherfucking human
So if you wanna be a freak then I'm the one to do it
Yeah, I just had to get it out of her
I been on a power trip, mmhmmh
I could pull it out of ya, who knew

She got it in her so I gotta get it out her
She got it in her so I gotta get it out her
She got it in her so I gotta get it out her
She got it in her so I gotta get it out her
She got it in her so I gotta get it out her
She got it in her so I gotta get it out her
She got it in her, she got it in her
She got it in her, she got it in her

Yeah, she got it in her, in a beamer
Sexy broads in a car, I'm in between them
Barely breathing, but I ain't leaving
'Cause the view, oh the view, yeah it's scenic
And that's put them on the vibe you should see it
Couple bitches arguing over my penis
A couple licks, you need some freaks, I got 'em feening
I couple licks of this and now they in agreement

Yeah, I ain't mad at all, I ain't mad at all
Told them pull my pants down, you could have a ball
I ain't mad at all, I ain't mad at all
Told them pull my pants down, you can have a ball
I ain't mad at all, I ain't mad at all
Told that bitch that there's a chance, you can have it all
You can have it all, you can have it all

She got it in her so I gotta get it out her
She talking dirty so I took her in the shower
[?] turn around cause I'm special
I'm going in 'cause I gotta get it out her
Had to dig a little deeper, but I found it
Cut the waves, she just wanna be around it
And it ain't about the money or the power

She got it in her so I gotta get it out her
She got it in her so I gotta get it out her
She got it in her so I gotta get it out her

She got it in her so I gotta get it out her
She got it in her so I gotta get it out her
She got it in her so I gotta get it out her
She got it in her, she got it in her
She got it in her, she got it in her
