

# Gretzky

Mike Stud

Said she brought a friend, guess we gotta make room  
Penthouse suite, yeah we got a great view  
Saw it in my mind and it all came true  
You say that you love me, I guess that makes two  
I've been on a wave you can't ride with a jet ski  
Boy you're on thin ice, mmm Wayne Gretzky  
All I'm trynna be is the best me  
Yeah  
All I'm trynna be is the best me  
Yeah

I hope that I'm near it  
My heart and my spirit  
I see it the clearest  
I'm on the way like

Ooo ooo ooo ooo ooo

Lost myself and that's the usual  
I can't help it if I lose you  
You bring me down, down, like

Ooo ooo ooo ooo ooo

Lost myself and that's the usual  
I can't help it if I lose you  
You bring me down, down, like  
(Yeah)

All the things I said Imma say it to you  
Saw it in my head and it all came true  
Changed my thoughts and I changed my view  
But I'm still the same dude  
(Yeah yeah)

I'm out the way baby, I'm like the sidewalk  
I took a handful, I let the sky talk  
Was in a daze then, that's what the vibe was  
And then the vibe changed, and you forgot us

What would you think, if you forgot us  
And when the sun set on me I'm a goner  
We taking everything, we like the robbers  
You like the coppers, and we not talking

Put it on ice yeah, call out to Gretzky  
I can be the person that you wanted if you let me  
All I wanna be is the best me  
Everyone sees it, you're bringing out the best me

Ooo ooo ooo ooo ooo

Lost myself and that's the usual  
I can't help it if I lose you  
You bring me down, down, like

Ooo ooo ooo ooo ooo

Lost myself and that's the usual  
I can't help it if I lose you  
You bring me down, down, like

Ooo I hope that I'm near it  
Hey, how are ya?  
My heart and my spirit  
Yeah
