

## one that got away

Mike Stud

It shouldn't be this hard to see you at this bar  
We took our own advice and grew ourselves apart  
But when the lights come on I just wanna kiss your face again

Now I got way too much time to think alone in this Uber  
Can't remember why I thought it was a good idea to lose ya  
And I don't know if it'd be different if I had done things different  
But I wonder

Maybe if I played a little bit harder to get  
Maybe if I drank a little bit of water instead of using you  
Tried a little bit harder to stay  
You wouldn't be the one, you wouldn't be the one  
You wouldn't be the one that got away

You're a piece of work and it ain't art  
So many reasons, yea, where should I start  
But my demons and your demons love to dance, dance  
And my demons without yours ain't got a chance in hell

So now I'm at the bar again  
Putting all the pain on the card again  
I was doing great, now it's hard again  
Cause I saw your damn face at the bar again (wait)  
I was on a wave at the bar again  
Then you walked in and did it all again  
Didn't think that I could feel it in my heart again  
At least I can feel something

Maybe if I played a little bit harder to get  
Maybe if I drank a little bit of water instead of using you  
Tried a little bit harder to stay  
You wouldn't be the one, you wouldn't be the one  
You wouldn't be the one that got away

You wouldn't be the one, you wouldn't be the one  
You wouldn't be the one that got away  
You wouldn't be the one, you wouldn't be the one  
You wouldn't be the one, you wouldn't be the one  
You wouldn't be the one, you wouldn't be the one  
You wouldn't be the one that got away  
You wouldn't be the one, you wouldn't be the one  
You wouldn't be the one that got away
