right now

Mike Stud

You got everything but let me add to ya
I done fucked around and got attached to ya
If you running out of steam, I got some gas for ya
Just run it up with me, I never ask for much
Never ask for much

But there's some things that I can't do
I can't stay but I can't move
I need me but I need you, I need you
But I don't know when
Don't know when it all gon' end
Wonder where it all begin
And I don't know how
Don't know how it all gon' end
But maybe that all depends
I'm thinking right now, yeah
I'm living right now
We're thinking right now, ayy
Let's get it right now

Life ain't easy
Better go slow
I try to, but with the money I don't
Life ain't easy
Why you goin' fast?
Gotta look around, make sure you don't crash
It's a little bit better, better, better with you
It's a little bit better, when we're together, it's true, with you
Life ain't easy
I'm on a wave right now

When we're old and gray
We gon' remember what it feel like
The colder days, we used to wonder how to feel right
But those the days that show you how you gotta live life
You gotta feel right, gotta live life

But there's some things that I can't do
I can't stay but I can't move
I need me but I need you, I need you
But I don't know when
Don't know when it all gon' end
Wonder where it all begin
And I don't know how
Don't know how it all gon' end
But maybe that all depends
I'm thinking right now, yeah
I'm living right now
We're thinking right now, ayy
Let's get it right now

Life ain't easy
I'm on a wave right now
Life ain't easy
Better go slow
I try to, but with the money I don't
Life ain't easy

Why you goin' fast?
Gotta look around, make sure you don't crash
It's a little bit better, better, better with you
It's a little bit better, when we're together, it's true, with you
Yeah

In the older days I used to wonder how the cash come
Nowadays me and my homies run the backup
But those the days I learned how to let the bags come
Let's run the bag up then

I'm thinking right now
I'm living right now
We're thinking right now
Let's get it right now
Life ain't easy
I'm on a wave right now
