

so sick

Mike Stud

Are you happy?
Saw your new man
Shit is tacky
Talking bout me like you know me
Shit is tacky
All the small talk
Baby you can keep that
Yeah I'm hungry but I'm cool on the feedback
Got a free pass out of town and I need that
Got a big crib in the woods just to relax
Giving O's to my ex bitch it's the relapse
He don't know where she at
I could drop a pin and you wouldn't know where we at
I know what you want and I didn't want to be that
Couldn't really be that
Tried to show you what I mean
You couldn't even see that

Tried to give you all of me and baby got me
So sick
So sick of the love songs
So sick
So sick of the fuck shit
So sick
Got me so sick
Tried to give you all of me and baby got me
So sick
So sick of the love songs
So sick
So sick of the fuck shit
So sick
Got me so sick

I can make hard work look easy
Need two to myself yeah I'm greedy
Flew em out to Paris yeah oui oui
Eiffel Tower like oui oui
We both like kissing girls oui oui
Bitch you get the message like you CC'd
And I see on both sides like Chanel
Yeah, I see both sides
Come and see me on the house in the hill
Eye contact with the pilot for real
Right on track I'm dialed in for real
IRS cause I count that for real
And I tax that too

I'm so sick
So sick of the love songs
So sick
So sick of the fuck shit
So sick
I'm so sick
Tried to give you all of me and baby got me
So sick
So sick of the love songs
So sick

So sick of the fuck shit
So sick

I'm so sick
