Get out my zone

Get out my place

I'm on the throne

I been the king

When I'm not home

Give me the ring

Give me the ring, brrp

Hit my cellie if you got a business proposition

Hit my DMs if you wanna compliment the vision

Trying on some new things let me get to fitting

30 foot vertical while everybody's sitting I'm like

Hey how do you do

Then she respond I'm getting through

I'm what it do? You what it do

I'm boutta get it I came with a crew

Seem like everybody stressing about something these days

Girl I need directions you text me the new Waze

I'm testing a new phase this the beta

Running so fast all my peers yelling wait up

I'm like Big Sean when I say it I look straight up

You been using drugs while I'm teaching people STATA

I'm boutta get it I'm running for now
Back when they wanna talk about the brows
Back when I said that I'm back from the dead
Funny cause I was never really dead
It's in my head but I been a lot
The beat I been fed homie it's hot
I been out running to get to the top
Like I been cooking I get it on Chopped
I'm about my morals if you do not understand
I think the way I came up makes me like the fricking man
Still ain't dropped a swear word something that you can't
Seem to find a way to do so get out of the band
But I'm like ooh off the top
I don't drink off the rocks
If there's something Imma knock
Then it's probably your socks off
I'm a killer and I do not mean it like it's one eight seven
If you drop a beat then I'll send you to opposite heaven
Every single snare in the universe I'm deading
Just imagine that and I'm not talking John Lennon aye

I was so unsure when I started this, aye
Everybody look like I departed this, aye
Bought a couple beats yeah I carted this
I'm the gladiator now I feel like Spartacus, aye
