

## what i know

Mike Stud

(Woah woah)  
Aye  
(Woah woah woah)  
Yeah  
(Woah woah)  
(Woah woah woah)  
Yeah

One hand on the rifle  
That shit for survival  
The other on the Bible  
Everything that I do got a purpose  
Even though my life turned into circus

And I'm so close I can taste it  
Off to the races  
I ain't got no neighbors  
Traded 'em for acres  
Leaving LA, where they treat me like a Laker  
Every time I come 'round, talk about a come down

When you get high as this, yeah  
Get hard to keep feet on the ground n' shit  
Dotted line nah I ain't tryna sign shit  
I'm just tryina keep what's mine and shit

'Cause when you know what I know  
It's survival, one hand on the rifle  
I ain't never lie to you, I ain't even try to  
The only thing I can't give her is a title  
Mhmm

'Cause when you know what I know  
You just gotta live by the code  
But you gotta live on your toes

When you know what I know  
That could turn your friends into foes  
Stay 10 toes down like my nose

When you know what I know  
You can't trust a word out of anybody  
Even when they hurt you they ain't ever sorry

So I stay out the way  
Cuz that's how shit go  
When you know what I know

This shit can leave you in a flash  
200 on the dash so I'm speedin' till I crash (going fast)  
So I leave it in the past  
Leanin' on the gas, 'cause I needed it fast  
Full tank, nobody gonna gas us  
They want answers, but nobody asked us  
They forgot my word so I taxed 'em  
Just ask 'em

But I...  
Flip a bird  
Living ahead of the curve  
Then I hit the curb, I knew I had to mature  
I had to do the work, I put my head in the dirt  
And then I did that shit, yeah I did that

Got presidential tint on the windows  
They ain't seein' through  
Feel good knowing I got it  
But I'ma keep it too  
Had to go missing for a bit  
But now it's peek-a-boo  
Bitch

'Cause when you know what I know  
You gotta live by the code  
Gotta live on your toes

When you know what I know  
That could turn friends into foes  
Had to stay 10 toes down like my motherfuckin' nose

You can't trust a word out of anybody  
Even when they hurt you they're never sorry  
So I stay out the way, that's that shit go  
When you know what I know  
When you know what I know  
Mhmm

When you know what I know  
People take it as preaching when I'm talking  
I'm just trying to tell y'all  
I've been behind a curtain  
I've peaked behind a curtain  
It was more than a peak  
I've been – I've lived there behind a curtain  
When you know what I know
