

woke up new

Mike Stud

Woke up on a wave again
Feeling like a phase again
Smile looking fake again
Heart stuck in a cage again
Texts erased again
Missed calls, I played again
All these highs, just can't forget
I'm lost but I stay pretending
Woke up on a wave again
Feeling like a phase again
Smile looking fake again
Heart stuck in a cage again
Texts erased again
Missed calls, I played again
All these highs, just can't forget
I'm lost but I stay pretending

I still stay pretending
I still stay pretending
I still stay pretending
I still stay pretending

Woke up on a wave again
Feeling like a phase again
Smile looking fake again
Heart stuck in a cage again
Texts erased again
Missed calls, I played again
All these highs, just can't forget
I'm lost but I stay pretending

Woke up on a wave again
Feeling like a phase again
Smile looking fake again
Heart stuck in a cage again
Popped out of the shade again
Moving like I made it then
Bitch, yeah, we made it bend
Sleeping with the fake again

Missed calls, yeah
(Missed calls)
Missed calls
All I needed from you, I
Missed calls, yeah
(Missed calls)
Missed calls
All I needed from you, I

Woke up on a wave again
Feeling like a phase again
Smile looking fake again
Heart stuck in a cage again
Texts erased again
Missed calls, I played again
All these highs, just can't forget
I'm lost but I stay pretending

Missed calls, yeah
(Missed calls)
Missed calls
All I needed from you, I
Missed calls, yeah
(Missed calls)
Missed calls
All I needed from you, I

Missed calls
