

you 2

Mike Stud

Yeah-eah

All these little things I do for you
You know I only do for you
I think the world of you, I do
I think the world of you, I do

She's a back porch kind of girl
Show me, I show you how
That's how I know you, uh
That's how I know you for real
You a real one, baby, you a real one (You)
Little black dress, baby, let me feel some
I had scars on my heart but you heal all down
You a real one (You, you, you)

Ooh (You, you, you)
Yeah, you got what I need (You got what I need)
Searching for you
Now for a while
I need you to just smile
I walk a thousand miles to see you walk down the isle (For real)

All these little things I do for you
I couldn't do for anyone but you
I think the world needs more of you
But do you love me, do you love me not?

Just lately
This feeling different (This feeling different)
If you're trying to talk, I'ma listen
I watched the waves crash (Crash)
I watched the waves crash from the kitchen
I was just thinking I need someone that I could think with
I do the cooking, you do all my dishes
Down on my luck, I've been down in the trenches (Yeah)
I got back up and you stuck 'cause you with me, hey you
It's only you
You're all that I need
'Cause all we need
We're a team
Every word I mean
From the bottom of my heart
I think the world
You, you, you

I think the world of you
I think the world of you
I think the world of you (Yeah)
You, you, you (For real)
You, you

Do you love me?
Do you love me now? Do you love me?
Do you love me still? Do you love me?
Do you love me? Do you love me?
Do you love me now? Do you love me?

Do you love me now? Do you love me?
Do you love me now? Do you love me now?
Do you love me? Do you love me?
Do you love me? Do you love me now, baby?
Baby, do you love me? Do you love me now?
