Ain't no competition, two Perkies in my hand  
She just washed 'em back, already off a Xan'  
I been rollin' all night (Ear Drummers), barely can feel my hands  
G6, 'bout to take flight, get a bitch out of her pants  
I'm tryna visit the sights  
Treat you like this is the last time I'll see you in all of my life  
Right now, I do not know who I am (Mike WiLL Made-It)  
Look at my eyes, how high I am  
Tweakin', I feel like I'm flyin'  
Lately, been thinkin' 'bout dyin'  
But right now, I'm feelin' alive again  
I've been up for three days, still do not feel tired  
I'm in my zone, I'm wired  
I wanna take you higher

I wanna live inside her, it's like a fire  
Feelin' inspired, I wanna take you higher  
I wanna take you higher, take you higher  
Like a choir, singin' just like a choir  
Fuckin' on you for hours  
Let's hop in the shower  
Quickie, get sticky, I gotta change my attire  
Hopin' she's not a liar  
Movin' just like Michael Myers  
Was already geeked, then I heard a beep, I just received me a new wire

Ain't no competition, two Perkies in my hand  
She just washed 'em back, already off a Xan'

Told her I can't, she say, "Why, sir?"  
I told her that I can only be your sexual advisor  
I don't play games like Kyler  
We gon' get higher  
If it's a blowjob, she gon' get hired

I stay ten toes down, feet to the fire  
I kick them hoes out, I be like, "Hiyah"  
If she explode, then I'ma ignite her  
She suck my soul out like a vampire  
I 69 her, this dick a recliner  
Eat the vagina like I'm a piranha  
At the diner
