

Alice

Mike Williams

She said her name is Alice
She got that bag of magic
She bouncing like a rabbit
I'm barely holding on
Wasn't but now I want it
Two times, I think I'm falling
Tree nights, I'm skipping all in
I'm barely holding on

She said look into my eyes
Got you hypnotized
Don't act so surprised
And when you fall asleep
I'll be in your dreams
Playing hide and seek
So come and play with me

She said her name is Alice

Down and down we go
Down the rabbit hole
Down and down we go
She got that bag of magic
Down and down we go
Down the rabbit hole
Down and down we go
Down the rabbit hole

I think that I'm in trouble
I can't stop seeing double
I'm feeling like a puzzle
Can't make sense of it all

She said look into my eyes
Got you hypnotized
Don't act so surprised
I'll be here all night

She said her name is Alice
She said her name is Alice (she said)
She said her name is Alice
She said her name is Alice
She said her name is Alice (she said)
She said her name is Alice

Down and down we go
Down the rabbit hole
Down and down we go
She got that bag of magic
Down and down we go
Down the rabbit hole
Down and down we go
Down the rabbit hole

She said her name is Alice
