

Fallin' In

Mike Williams

There's finally somethin'
And it's more than a smile
If I'm only dreamin'
Let me sleep for a while
I'm hearin' these trumpets
When you walk through the door
Let me stick around, my love
Some more

All day, whenever you like
I'm left and you can be right
Kiss me, I'll pay you in time
I just wanna taste you, baby
Lips dry 'cause you're in my head
Last year I know that I said
I'll never do this again
But babe, I'm fallin' in

But babe, I'm fallin' in
Babe, I'm fallin' in

You're gettin' me up there
Yeah my head's in a cloud
I never knew that fallin'
Feels like flyin' around
You're making me nervous (nervous)
I don't want it to end
But I would still hook up with you
Even for a one night stand (mmh)

All day, whenever you like
I'm left and you can be right
Kiss me, I'll pay you in time
I just wanna taste you, baby
Lips dry 'cause you're in my head
Last year I know that I said
I'll never do this again
But babe, I'm fallin' in

But babe, I'm fallin' in
Fallin' in, fallin' in
I'm fallin' in
But babe, I'm fallin' in

All day, whenever you like
I'm left and you can be right
Kiss me, I'll pay you in time
I just wanna taste you, baby
Lips dry 'cause you're in my head
Last year I know that I said
I'll never do this again
But babe, I'm fallin' in

But babe, I'm fallin' in
Fallin' in, I'm fallin' in
But babe, I'm fallin' in
