Harmony

Mike Williams

I've got a song that's stuck in my head
You sang a chorus that I won't forget
Deep in my heart, I hear the melody
Sing it tonight and be my harmony

Do you remember what we used to do
We were a rhapsody of me and you
Now open your heart up to the melody
Sing it tonight and be my harmony

Sing it tonight and be my harmony
Sing it tonight and be my harmony

Sing it tonight and be my harmony
Sing it tonight and be my harmony

La-la-la-la, la-la-la, la, la, la
La-la-la-la, la-la-la, la, la, la
La-la-la-la, la-la-la, la-la-la-la-la
La-la-la-la, la-la-la, la, la, la

I've got a song that's stuck inside my head
You sang a chorus that I won't forget
Deep in my heart, I hear the melody
Sing it tonight and be my harmony

La-la-la-la, la-la-la, la, la, la
La-la-la-la, la-la-la, la, la, la

Now open your heart up to the melody
Sing it tonight and be my harmony
Sing it tonight and be my harmony
Sing it tonight and be my harmony
