

Make You Mine

Mike Williams

Make you mine, oh

I know we got seperate ways
But you're stuck on my mind
Memories is at my ex's
Lead you by my side

Cause everything I'm waiting, I'm waiting, I'm waiting
I'm waiting for a sound
We can make it, you know that
I'm never wanna leave you
Believe me, I need you
I make it right, I make it right

I'm looking for a way to make you mine
I need you by my side all day all night
Yeah, I just want to feel your hand in mine
All I wanna do, yeah all I wanna do
Is make you mine

All I wanna do, yeah all I wanna do

All I wanna do, yeah all I wanna do
I'm looking for a way to make you mine
I need you by my side all day all night
Yeah, I just want to feel your hand in mine
All I wanna do, yeah all I wanna do
Is make you mine

I know we got lost inside me
Just blame it all on you
Sorry, that I left you broken
I want you to see

Cause everything I'm waiting, I'm waiting, I'm waiting
I'm waiting for a sound
We can make it, you know that
I'm never wanna leave you
Believe me, I need you
I make it right, I make it right

I'm looking for a way to make you mine
I need you by my side all day all night
Yeah, I just want to feel your hand in mine
All I wanna do, yeah all I wanna do
Everything I do, I do for you
I swim across the ocean, that it too
Yeah, I just want to feel your hand in mine
All I wanna do, yeah all I wanna do
Is make you mine

(Is make you mine)
All I wanna do, yeah all I wanna do

All I wanna do, yeah all I wanna do
I'm looking for a way to make you mine
I need you by my side all day all night

Yeah, I just want to feel your hand in mine
All I wanna do, yeah all I wanna do
Is make you mine
