

Sing Your Lullaby

Mike Williams

Hypnotize this love out of me
Without your air I can't even breathe
Lead my way out into the light
Sing your lu-lu-lullaby

Cherries in the ashtray
Take me through the day
I just got to make you
A drunken memory
See you in the puddles
Of my chardonnay
Sleeping in my bathtub
I can't wash you away

Keep me safe up in the clouds
'Cause I can't come raining down
Make the monsters sleep in my mind
Sing your lu-lu-lullaby

Hypnotize this love out of me
Without your air I can't even breathe
Lead my way out into the light
Sing your lu-lu-lullaby

Cherries in the ashtray
Take me through the day
I just got to make you
A drunken memory
See you in the puddles
Of my chardonnay
Sleeping in my bathtub
I can't wash you away

Keep me safe up in the clouds
'Cause I can't come raining down
Make the monsters sleep in my mind
Sing your lu-lu-lullaby

Keep me safe up in the clouds
'Cause I can't come raining down
Make the monsters sleep in my mind
Sing your lu-lu-lullaby
