

Surreal

Mike Williams

I found you on my way down east
Over the part of the big blue sea
I found you when I didn't seek
Your love is surreal

I find pieces of you and i
Reminding me every time
Memories left behind
Here and in every life

I found you on my way down east
Over the part of the big blue sea
I found you when I didn't seek
Your love is surreal

I find pieces of you and i
Reminding me every time
Memories left behind
Here and in every life

I found you on my way down east
Over the part of the big blue sea
I found you when I didn't seek
Your love is surreal

I find pieces of you and i
Reminding me every time
Memories left behind
Here and in every life

I found you on my way down east
Over the part of the big blue sea
I found you when I didn't seek
Your love is surreal

I find pieces of you and i
Reminding me every time
Memories left behind
Here and in every life
