

Take Me Down

Mike Williams

Stop your breathing
Swim in love
Dark and feelin
Break our walls

Cause if we're lost we're lost together
These drifting hearts
Go from tonight until forever

If your my anger
We'll let love run us to the ground
Your my answer
So take me down tonight
Down tonight

So take me down tonight

Cause if we're lost we're lost together
These drifting hearts
Go from tonight until forever

If your my anger
We'll let love run us to the ground
Your my answer
So take me down tonight
Down tonight
So take me down tonight
Down tonight
So take me down tonight
Down tonight

So take me down tonight

If your my anger
We'll let love run us to the ground
Your my answer
So take me down tonight
