

# You & I

Mike Williams

You held me like your heartbeat  
Each word like a snowflake  
I yearn for the distance to slowly fade away

We are young, this is right  
We were meant, You & I  
We are once in a lifetime  
And if fairy deserts me tonight  
It's You & I  
If fairy deserts me tonight  
It's You & I  
It's You & I

It's You & I

You frame me like a picture  
A moment in forever  
Slow rolling underwater  
But nothing needs to change

We are young, this is right  
We were meant, You & I  
We are once in a lifetime  
And if fairy deserts me tonight  
It's You & I  
If fairy deserts me tonight  
It's You & I  
It's You & I

It's You & I...  
If fairy deserts me tonight  
It's You & I
