

Let's get it, let's get it, let's get it (I wasn't fully-)
Nah, you gettin' there, you gettin' there (You were hard)
You gettin' there, you gettin' there, slowly
First, you gotta-, and then you bring it back, y'know what I mean?
Alright, haha
Yeah, huh, yeah

Don't cry, I ain't bring an umbrella
We'll get high as an eagle if you let us
Bruh, don't die tryna seek a vendetta
You know I need slice of the scheme that you set up
I won't lie, you ain't leavin', you my brother
They gon' plot when they see you with cheddar
Talk to God like I need you protect us
He a fraud, don't believe in his get up

Them dudes did me wrong, but I keep doin' better
Ain't spree in the mall, we would grieve in December
That's my fault, I'm a greedy finesser
I'm with dawg, I got fleas in distemper
Wanna walk like a King like Coretta
You ready for war or you reaching for measure?
Come along if you seek an adventure
I get smart, we could geek if you clever
Broken heart, can't piece it together
Broken shards had you screamin' in terror
From Paris, this jawn an easy contender
Love my songs, that I need to remember
I'm with Tony, we tweakin' the errors
She on my phone in indecent apparel
When I'm home, I be tweakin' with Daryl
They want me gone at the beak of the barrel

Don't cr-, I ain't bring an umbrella
We'll get high as an eagle if you let us
Bruh, don't die tryna seek a vendetta
You know I need slice of the scheme that you set up
I won't lie, you ain't leavin', you my brother
They gon' plot when they see you with cheddar
Talk to God like I need you protect us
He a fraud, don't believe in his-, mhm
Don't cry, I ain't bring an umbrella
We'll get high as an eagle if you let us
Bruh, don't die tryna seek a vendetta
You know I need slice of the scheme that you set up
I won't lie, you ain't leavin', you my brother
They gon' plot when they see you with cheddar
Talk to God like I need you protect us
He a fraud, don't believe in his get up, yeah
