

big smoke

MIKE

Mama told me "Stay grateful", I stay with thanks
This industry could change you, but I stay the same
Last year was pretty painful, these niggas really jakes
Niggas dead room, it really is a shame
If you pay me, I can train you, you gloss up in a day
Ain't wet around my ankles, a cross up on my chain
Don't know where they throwin' shade to, but it never came
Can't flex and be the same dudes lost up in the game
Can't stress enough, the main rule, the bottle of the snake
Putting pressure on your fave crew, commas on the banks

Not today, lose, I'm great proof
Product of the stray, uh, all I need's to blaze too
A spot that I can lay, not today, true
Show these niggas fake, they try to play new
Not today, not today, lose, I'm great proof
Product of the stray, uh, all I need's to blaze too
A spot that I can lay, not today, true
Mmh, mmh, mmh
