

BREATHE, GOOD

MIKE

Ayy, ayy, ayy, ayy, ayy

I'm on a wave, nigga, I can never wait
Niggas slimy as the lake, you get the picture? I'm the frame
Can't be hanging 'round with fake niggas, papa said the same
Me and sober left me open, left the drama in my frames
Sprinkle grabba in the dank, can't be guaping to the bank
I been running 'way from deserts, putting problems on my name
Know they know me, I'm a problem on the page
Navigated to the gates, you couldn't follow up the pace
Putting garbage in your face, I pee, I swallow the debate
No debate, y'all ate the product off the plate on the pavement
See, a nigga like me never change, I'm on the same shit
Picking up the knowledge out of state, this shit amazing
Could've went to college, but I flaked to get this payment
Forever on vacation, on vacation
