MIKE

Uh

It's M-to-the-IZZ-I

Oooooooh

Yo

It's M-to-the-IZZ-I, don't forget the K-E

The money where I reside, don't forget to pay me

At best I'ma wig out, niggas couldn't train me

I dreamt about a big house lowkey on the daily

Remember we would sit out, showed me where they paid green

You flexing just to stick out, I flex because of great genes

Suppressive of a big smile, why I had to shave clean

And let a ray beam, forget I been a bit wild

Triumph in my late teens, treasuring my mid now

That's what hate bring, uh

If I project it'd be a missile, persistent as your aim be

The message never get 'round, I'm sitting with the same peace

Regret it if I let down, but shit you gotta change speed

Bent I'ma slizzide, fresher than an AC

So death by my sizzide

Why I gotta pay respects to the skizz-i?

Paranoia chase me

It's M-to-the-IZZ-I, don't forget the K-E

Money where I reside, don't forget to pay me

Bent I'ma slizzide, fresher than an AC

So death by my sizzide

Why I gotta pay respects to the skizz-i?

Paranoia chase me

Know it's M-to-the-IZZ-I, don't forget the K-E
