

GNATS

MIKE

Can't get my body out of bed but
Them niggas on my body like some bedbugs
Me and Dhane tryna find who got the best tucks
Speak to mommy and she proud of me, she sent love
I paint pictures with his blood
The same nigga act a fool off the liquor on the bus
Need to stick it in the mud
Reapers kicking it with us for tonight
We was chilling by the dust 'til the night
Ain't too many niggas that I trust
So I keep a couple niggas down to rush by my side
My niggas jump, stop acting like you never seen doves in the sky
Yeah, we clutched on the prize
I been searching where there's nothing to find
But distrust in myself and disgust in my eyes
I'll be lucky if time slow down
Slow down, it'd be funny if MIKE hold crown
Whole town gon' run from me, gotta slow down

Slow down
I been searching where there's nothing to find
But distrust in myself and disgust in my eyes
I'll be lucky if time slow down
