Uh, uh, uh, uh, uh  
Yes, uh  
Uh, uh, uh, uh

Work more, so I started losing what I searched for  
Third floor, young world keep spinning, keep spinning  
Young world keep spinning, keep spinning  
So I started losing what I searched for  
Third floor, young world keep spinning, keep spinning (keep)  
Young world keep spinning, keep spinning  
(Work more) so I started losing what I searched for (searched for)  
Third floor, young world keep spinning, keep spinning (keep)  
Young world keep spinning, keep spinning (spinning, spinning)  
(Work more) so I started losing what I searched for  
Third floor, young world keep spinning, keep spinning  
Young world keep spinning, keep spinning  
Work more, so I started losing what I searched for  
Third floor, young world keep spinning, keep spinning (keep spinning)  
Young world keep spinning, keep spinning (keep spinning)  
Young world keep, keep spinning (young world)  
Work more, so I started losing what I searched for (searched for)  
Third floor (the world keep spinning, keep spinning)  
Young, keep spinning, young, keep spinning, keep spinning  
Uh, uh, work more, so I started losing what I searched for (uh)  
Third floor, uh, young world keep spinning, keep spinning  
Young world keep spinning, keep spinning (yeah, yeah, uh)

Yeah, I walk proud in the game  
Wouldn't make sense if I did it ashamed  
The thieves never saw a glimpse of my chain  
Neither has man felt an inch of my pain  
Niggas getting lost in the midst of my ray  
I was made for this work, peep the hints in my name  
I was supposed to really give this away, but  
Broke my phone, now I'm distant and paid, uh  
I'm winning too  
I'm with the truth, y'all niggas listen to fate  
Can't be gettin' too vexed off mystery hay  
Stay back and think, shit to relate  
Played it back, probably enter my faith  
'Cause if I wasn't, probably dick in your face  
'Cause if I wasn't, probably dick in your face

Shit's change, it's so different  
This shit is different now  
Young world

(Third floor, young world keep spinning, keep spinning)  
Young world, young world, young world  
Work more, so I started losing what I searched for  
Third floor, young world keep spinning, keep spinning  
Young world keep spinning, keep spinning  
Work more, so I started losing what I searched for  
Third floor, young world keep spinning, keep spinning  
Young world keep (keep spinning)  
Work more, so I started losing what I searched for  
Third floor, young world keep spinning, keep spinning

Young world keep spinning, keep spinning  
Young world keep, keep, uh  
Work more, so I started losing what I searched for  
Third floor, young world keep spinning, keep spinning (keep spinning)
