

Learning Love

MIKE

Yuh
A lot of niggas love to say shit
But don't talk unless you talking it verbatim
I made the man MIKE but nah, hate him
Play your herron right and you can make it
Peep the darkness when it's
2 train uptown looking like a slave ship
Struggle when the wave hit
Pink on my brother's shirt, ballin' off some base shit
Think before you stutter, first you need to learn the basics
Chillin' in the gutter, Brooklyn's spitter with a Haitian
Just got the fresh cut, fuck I look amazing
Stuck up on this pavement
Niggas really changed like they shapeshift
Workin' all day nigga, we don't do the same shifts
Four days, the same fit
Can't come home 'cause I be sleeping at my gang crib
And that's a good look
I swear to God I'mma put you in my good books
Catch me in the hood cooked, looking for a quick juug
Catch me in the hood cooked, looking for a quick juug
Quick, quick juug
