

## Let's Have A Ball

MIKE

I don't need to decide, nah, we don't fight fair  
Caught us in the blink of an eye, it be-

I don't need to decide, nah, we don't fight fair  
Cautious, in the blink of an eye it be a nightmare  
Promises no peace that reside, inside is tight air  
Called her when I spoke of demise, I broke her right ear  
I pray you keepin' your stride and got your mind clear  
Trust me: it ain't easy to die or be alive here  
It's what you bring to the pot or what you pioneered  
Shawty, is we linkin' or not?  
You ain't buyin' my little piece of facades, so peep the wild f  
lare  
Karmas that I fiend to adopt, I keep a smile near  
And when that meaning deprived, you give it light  
It ain't always gon' be meat on the prize, but it's the ride th  
ere  
Taught me with the dream of a life, without the trial years  
Crawlin' if it mean I can fly  
I put my all and now I bleed out for guys since my child years

Same trouble, different day (I don't need to decide)  
You don't need to try to  
Not look at my face  
I'm not your enemy  
I don't really wanna change  
I can never quite explain  
I'm not your enemy  
I'm not your enemy  
I don't really wanna change  
You mean the world to me  
I'm not your enemy  
I don't really wanna change
