MIKE

Yeah

Lost, put my soul on the street  
Conquer my soles on the street  
I put a whole in the feet  
Your conscience, I know that it's weak  
I'm confident, know that it's me  
Blocking, unloading, loaded honesty  
Know me, closely, we  
Gotta be focused, homie see  
Modesty throws and bogus sheep  
Part of me knows my toes are deep  
Seen, wanna be known as team  
Cream, nothing to hold is cheap  
Weed, stuffed in my dome, I breathe  
Is you running or holding the leash?  
Sweeties been cutting up holes in my teeth  
You can tell by my nose, I'm a king  
You can tell by my throne, I'm a king  
Searching so long for my queen  
Checkmate  
Checkmate

Bitch, I come out to play  
Everyday, I fornicate  
Barely working, still get paid  
Throw a pound in your face  
10k, got it made  
Slummy gang, crime wave  
I know you see it on the tee  
Free the man, what you see  
Talking shit, knock your teeth  
We the ones who they wanna be  
These niggas acting, these niggas wannabes  
You don't want no beef with that Slummy team  
Tell 'em I'll be here when they come for me  
These niggas can't even score one on me  
Like I'm thirsty on defence  
Don't know the struggle, why semen  
Still shine bright like sequins  
They talking prices I already paid  
Been cooking up like the bakery  
My soul rich and I'm focused  
On giving back like I owe them  
The world in my hands like I got the power  
Put a price on your head for some dollars  
Word, if you faking the product  
Nigga, I'm charged up  
No Rick Ross, but I'm bossed up  
Chris Paul, got 'em crossed up  
Hit a flow and get lost in  
This for the lost ones  
And if it cost to be the boss, what it costing?  
Life a bitch that's gon' cross you  
Crimewave, bitch, we bossed up  
Free Chip, that's my dawg, bruh

Alright, alright, man, cool  
Ah, you sold the black soap?  
Okay, man, alright, alright  
Oh, you sold the black soap?  
Yeah, yeah, I used to sell the black soap, man  
Nah, keep doing that, keep doing that  
It comes out well, man, it keeps all the black soap  
The black soap comes out good, man  
But, uh, yeah, man, you know, I mean  
Just make sure you doing the right thing when you sell that black soap  
But, uh, yeah, man, you-
