

## SANDMAN

MIKE

Alotta niggas love to talk but never do  
Like how you skipin tryna be inside the loop  
I'm going through some shit  
I guess I'm steppin in my stool  
I been finessinin my school  
I feel bad  
But my nigga boolie said its bool  
Its like a movie every move  
If he know me  
Then he knew me from the 2  
Running in the field  
Stealing booty from the tombs  
You niggas fruity as the loom  
My nigga groovey got the boom  
Spitting loogies on a tune  
Turn your sunni to a broom  
If you screwing with the troops  
I can see it  
I maneuver for the loot  
All that internet speakin'  
Your computer doesn't shoot  
It's like bermuda on the stoop  
Cause once you go inside  
You ain't never coming back

The same PUMAS on my feet  
Them same rumors seem discrete  
They ain't ever get to me
