MIKE

Uh, uh, uh

I'm missing in smoke, these niggas sniffing coke  
Sitting, twisting dope, I'm just a different soul  
I know my vision bold, they just don't get it, get it  
I get the picture, ho, I be embarrassed, I remember what I did  
for hoes  
We don't share the same ambition when we in the road  
All I do is go, go, go  
I been travelling away for bread, I'm missing home  
I been battling with taking steps and getting grown, grown, grown  
Protect my precious dome  
I'm a warrior, I take a breath and tear his clothes  
Papa told me if I waited, I'd be there alone  
Listening to smoke  
Listening to smoke  
Listening to smoke  
Listening to smoke  
Listening to smoke, uh  
Listening to smoke
