MIKE

Yeah, yeah

I be gazing, got a head full of schemes I was chasing
Even got ahead of my dreams, be patient
Mama told me stress ain't a thing, I'm wasting
Bread, smoking cess 'til I sleep, I be pacing
Looking for that check in the cheese, I keep it basic
Can't fiend for no respect, I got my team, yeah, wasted
This ego might erase 'em, this peak, we ain't adjacent
Little bit of hedges, peep the street, can't fake it
I been living faithless, mommy out in Gravesend
Hardly hit the pavement, for weeks been tryna make sense
They been tryna make cents, but we couldn't
Already know it's 'cause they hating
Gully part of Brooklyn, bet we dealing with the same shit
Blessing and a curse when they throw you off the slave ship
My mama gracious, said "Go ahead"
See my papa face when I'm sober, next, controlling less
Missing what I know is best, uh
Living in a no regret, living in a no regret, uh
Uh, uh, uh, alright, that's good

My baby, my baby
Thank you so much
(Sings in Yoruba)
