MIKE

Uh-uh

Yeah, yeah, yeah, yeah

Uh, uh-uh, uh, uh, uh, uh-uh, uh-uh, uh, uh

Yeah, yeah, uh-uh, uh, uh

Not again

Vacatin' and it turned out he was not a friend  
Stay chasin' with the burners, know it's not the end  
Who waitin', who deserted, I'll plot, then send  
Which doctor gon' cure it like the grabba can?  
Lose patience like words when I'm off the drank  
Couldn't say it's not sure, take heart to hand  
Summer '17, mirror, we engulfed in flames  
Swear to God, just took my spirit, think she off the chain  
You can spot it when you hear us, we just not the same  
Outta pocket, had to tear up, when they called your name  
Shit is shocking, know you near me, when I'm on the stage  
Told papa, "less peace, it was more of rage"  
What's the problem, let's see, all my morals changed  
Lotta coughin', flex streets, how they poorly made

Not again

Play favorite, what's the purpose if they not your mans  
City bakin' in the furnace, dog, we lost the land

Not again

Make sure this shit for certain when you jot the plans  
So I learned to fish serpents out, out the den  
Get your picture, paint it perfect, it's a lot to grasp  
Musta been about the paper, it's a lot to ask  
Pleased from livin' life for favors, nigga, not again

Not again

Play favorite, what's the purpose if they not your mans  
City bakin' in the furnace, dog, we lost the land

Not again

Make sure this shit for certain when you jot the plans  
Start learnin' fish serpents, how I defend  
Get your picture, paint it perfect, it's a lot to grasp  
Musta been about the paper, it's a lot to ask  
Pleased from livin' life for favors, nigga, not again

Not again

Yeah, yeah, yeah

Uh

Puttin' shit aside quickly

Didn't find a source of spirit that could shift me  
Not a sign, a mortal man diggin' six feet  
Switchin' sides, shots at head, but it missed me  
Not a shine, when your powers if, niggas did see  
See collide, when I'm out of spliffs, not a thing breathe  
Not a sign, get your flowers clipped  
Lotta blue seeds in the skies  
I be drownin' in, gotta lose grief  
From my mind, more empowerment  
Lotta loose leaves, had to die  
Gettin' out of death, hide the true speak  
What you are, she said, "My partner left"

Niggas lie, niggas lie like the news be  
Biggest slice, get your feelings fried, tryna choose sheep  
Sick to side, nobody move  
My body too cheap for this pride  
I'm not in tune, but I still stream  
I'm alive
