

## Time Will Tell

MIKE

Yeah, yeah, yeah  
Yeah, yeah, yeah  
Yeah, yeah, yeah

Hold me to it, I'ma make it if I could (If I could)  
Sleepy in the church, my auntie chased me with a book  
That'd purify my curses, rearrange the way I look at you now  
It could help my temper when it seem to arouse  
I don't really like attention but I bring it around  
Saw her tears when I sing to the crowd  
All fear, what you think it's about?  
All year we was deep in the drought  
Getting juiced, putting steez in your mouth  
Don't confuse it for respect, we don't fiend for the clout  
My feet on the ground, my sissy Egypt is proud  
She the future and she showed me all the bling of a crown  
I think about the best when it's bringing me down  
Getting demons out my chest so I'm thinking out loud (Thinking  
out loud)  
Yeah, uh

Truth is on its way (Truth, truth)  
Truth is on its way (Yeah, yeah)  
Truth is on its way (Uh)  
Truth is on its (Uh, uh)  
Truth is on its way  
The truth is on its way  
I could be gone today  
The truth is on its way (Facts)  
Truth is on its way (Yeah)  
Truth is on its way (Yeah)  
Truth is on its way (Word)  
Truth is on its (Uh, uh)  
Truth is on its way  
The truth is on its way  
The truth-  
Uh, what he say  
The truth is on its way  
The truth is on its way  
Not tomorrow, nigga  
But today  
The truth is on its way  
The truth is on its way
