

What Do I Do?

MIKE

What do I do?
Gave me...
If you gave me all of you
Would you tell me...
Yeah, uh huh

It's 10k, you know the vibe
What you saying? Just stayin' alive
Get complacent, be faded a lot
It be bait, I be takin' my time
Shit was sacred, you trade it for guap
Been with Jada and Red is inside
Did me lame, but it's better for size
You could change, it could never surprise me
All this pain of it dead is behind
It was strange, but it never defined me
Overcame, ain't no regular guy
Think I blame it on reckless environment
I forgave, had to set it aside
Built a wave, I say I inspired it
Ain't the greatest at taking a line
I can't wait in debating the size
Just counting the days 'til retirement
It ain't paper, I pray it aligned
No amount being paid, we pirate it
All that doubt, and I hate to remind
I'm the outlet, I came through the wiring
All that mouthing be aimless and tired
Getting vouched, but ain't meet the requirements
They kept doubts, and my name in the fire
We conspire, shaking the vibe
In the Heights, baked with AKAI
It be slimy and shade intertwined

If you gave me all of you
Would you tell me, "What do I do?"
If you gave me all of you
Would you tell me, "What do I do?"
If you gave me all...
Would you tell me...
If you gave me all of you
Would you tell me, "What do I do?"
If you gave me all...
What do I do?
