

## When it Rains

MIKE

Know what I'm sayin'? But right now with my nigga  
He about to play some exclusive shit  
So bounce the fuck up out our face if you ain't talkin' 'bout no chee  
secake  
Huh, yeah

It get dark in my lyrics, I'm sorry  
She want somethin' to spin in the party  
Too much dumpin', that shit, it had scarred me  
Somethin' fun, lit for the Barbie  
Want me to splurge, put her hips in Jacari  
Shit was fun, now I'm hittin' her hardly  
Is it blunt how them feelings depart me?

Shit, shit, from the slums, say I'm givin' her artsy  
Where I come from, this shit like Ed Hardy  
From the jungle, the sticks and safaris  
Throwin' ones, hope it stick to her body  
Go to work if the business regard me  
How you serve like you've been in the army?  
Every word, when I spit it, she copy  
Still get nervous, you sittin' beside me, I ain't trippin', I know wh  
at it take  
You could hit me, you know that I got it, you could hit me, you know  
I'm awake  
Think I'm gifted, but vultures around me, think I'm gifted, not over-  
embraced  
I be chillin', not overly cocky, think I'm him, said it show in my fa  
ce  
Yeah, yeah, how I live even show in my wallet  
All them trips, I stay goin' away, on a mission to swellin' my pocket  
s  
I ain't tripping 'bout knowin' my place, ain't too big to be open abo  
ut it  
Ain't too timid to show 'em I'm great, ain't too addicted to know you  
a problem

Uh, uh, it get dark in my lyrics, I'm sorry  
She want somethin' to spin in the party  
Too much dumpin', that shit, it had scarred me  
Somethin' fun, lit for the Barbie  
Want me to splurge, put her hips in Jacari  
Shit was fun, now I'm hittin' her hardly  
Is it blunt how them feelings depart me?  
Uh, uh, it get dark in my lyrics, I'm sorry  
She want somethin' to spin in the party  
Too much dumpin', that shit, it had scarred me  
Somethin' fun, lit for the Barbie  
Want me to splurge, put her hips in Jacari  
Shit was fun, now I'm hittin' her hardly  
Is it blunt how them feelings depart me?  
It get dark in my lyrics, I'm-

This is my song, ah  
Don't play with me right now, this is my jam
