

## wouldn't feel the same

MIKE

The city fuck with you  
But most of the time I just make me uncomfortable  
We at the edge, it's either you jump or lose  
Just hit the fall and the jumper loose  
Length for the cause that I'm running to  
Dick for the jaw that you running, poo  
Shit-talking dog, I just hope I'm the one that you run into  
Took care of myself and my mother move  
Inherit her wealth through the mind when I'm dealing with sunken  
dues  
Fruits of my labor like jungle juice  
I don't even talk, I just stutter truth  
Step on the floor that the puddle chew  
I swear the tunnel loop  
I swear the tunnel loop  
I swear the tunnel loop  
There's no light at the end as you see it  
There's no mice at the end when you speakin'  
Lost at the end, speechless  
There's no light at the end as you see it  
There's no mice at the end when you speakin'  
Lost at the end, speechless  
Cause me immense geekin'  
Lost me a friend tweakin'  
All for the pen seekin'  
Light at the end as you see it  
There's no mice at the end when you speakin'  
Lost at the end, speechless  
Cause me immense geekin'  
Lost me a friend tweakin'  
All for the pen seekin'  
All for the pen seekin'  
I swear the tunnel loop  
I swear the tunnel loop  
I swear the tunnel loop  
There's no light at the end  
Fuck
