

# Long Lost Dream

Mikey Wax

I wanna run through this crowd  
I want your hand in hand with mine  
I wanna know what it means to say I feel alive  
I wanna look in your soul and feel you looking back at me  
Give your love sweet love to me  
Come set me free

I wanna feel  
Something inside  
That makes me realize  
I'm alive  
I wanna know what do you need to believe  
In this long lost dream I see  
Been living in black and white  
Oh won't you bring me back to life  
I wanna feel a lover's heart til all the heartache makes me cry  
I wanna run on the edge don't wanna stand here in-between  
Give your love sweet love to me  
Come set me free

I wanna feel  
Something inside  
That makes me realize  
I'm alive  
I wanna know what do you need to believe  
In this long lost dream I see

Life, love, pain  
You know it's all gonna pass you by  
If you keep waiting for some perfect time  
It's never perfect  
And I'm losing touch  
I wanna touch you will I get enough?  
Just wanna love you tonight

I wanna feel  
Something inside  
That makes me realize  
I'm alive  
I wanna know what do you need to believe  
In this long lost dream I see
