

Slow Motion

Mikey Wax

In a moment she will say these words
I can hear them just before she talks
By the way we stare I know it's going to hurt
And before she can explain
We share the pain

And it never goes away
The words are on replay
In slow motion it recreates in my head
I hear your voice all over again

And I cannot move on
I am stuck in time
Though days have come and gone
It's like I'm lost in space and I can't find the sun
I need light to find my way
Out of this day
Cause it never goes away
The words are on replay
In slow motion it recreates in my head
I hear your voice all over again

So let me get it straight
Was it just this one mistake?
It's so hard to comprehend
Yet the answer is so plain
And all you had to say
Is everything's the same
And keep me guessing why
You've been acting strange

And now there's nothing more to say

But it never goes away
The words are on replay
In slow motion it recreates in my head
I hear your voice all over again

And now there's nothing more to say
