

Sedated

Mikky Ekko

It was pretty simple
The probe laid honey
Syrup dripped on a pigeon wing
And stole my money

Why is difficult
If you already know how I feel?
Either you are or you aren't stupid
Are you ready for me?

Keep this kid sedated
With color and sound, with color and sound
We're going to keep this kid sedated
With color and sound, with color and sound

Contradictions and words
Prey on the soul-wide honey
And an addiction to verbs
Is a slow-eyed junkie

Yeah, we walk, walk, walk
On our hands, hands, hands
We are strange fruit

Yeah, we walk, walk, walk
On our hands, hands, hands
We are strange fruits, yeah

Keep the kid plugged in,
The kid plugged in, the kid plugged in
The kid... We're going to keep this kid sedated

Keep this kid sedated
With color and sound, with color and sound
We're going to keep this kid sedated
With color and sound, with color and sound
