

Colorado

Mikolas Josef

What if you run away with me?
You know the world is ours to see
Tell me your wildest fantasies, yeah
And come and run away with me

So let's get drunk in Colorado
Taking shots out of the bottle
Just dancing on the tables young and free, young and free
Feeling like we hit the lotto
Living life without tomorrows
Breaking rules and doing things we shouldn't be

I be like
Hey mama, hey mama
Let's hit that road, mama
We don't need no money, no you're all that I need
So what you say mama, say mama?
Let's set this bed on fire
I just got you and you just got me
(I just got you and you just got me)

We don't need no reason why
(Oh yeah yeah yeah yeah)
We don't need a plane to fly
(No no no)
We already up so high
(We already high)
Here with your body next to mine

So let's get drunk in Colorado
Taking shots out of the bottle
Just dancing on the tables young and free, young and free
Feeling like we hit the lotto
Living life without tomorrows
Breaking rules and doing things we shouldn't be

I be like
Hey mama, hey mama
Let's hit that road, mama
We don't need no money, no you're all that I need
So what you say mama, say mama?
Let's set this bed on fire
I just got you and you just got me
(I just got you and you just got me)

(Break it down now)
I got you (I got you)
I know I got you baby
And you got me (you got me)
You know you got me I said
I got you (I got you)
And that's all I need know, yeah
I just got you and you just got me

I got you (I got you, yeah)
And you got me (hey)
You know you got me

What you say mama say mama?
Let's set this bed on fire
I just got you and you just got me
I just got you and you just got me
