

DIAMONDS

Mikolas Josef

It's raining diamonds, baby
Storming for hours daily
You got sex superpowers, baby
It's raining diamonds, baby
Diamonds, baby
It's raining diamonds, baby
Woo, baby
It's raining diamonds, baby

28 inch and wavy
The curtain boy who'll never make it
Speed to her body like Lauda
Cockpit feels like lava
Falling on you like Rain Man
And you make it rain without payment
Character break. Fuck karma
Flex on a Goliath

Is that what you like?
Oh, boy. If I'm to play the slave, then, baby, blindfold my eyes
Oh, honey
Though it's sweet, when they lie
The other boys want all your rain to keep their garden alive
But lately

It's raining diamonds, baby
Storming for hours daily
You got sex superpowers, baby
It's raining diamonds, baby
Diamonds, baby
It's raining diamonds, baby
Woo, baby
It's raining diamonds, baby

You make a "good boy gone bad"
Now, your bed is set on fire
Ain't no honesty here
You know that I love a liar
Put it on me
I'll get whatever your heart desires
I know the neighbour's knocking
Only gets you higher

Is that what you like?
Oh, boy. If I'm to play the slave, then, baby, blindfold my eyes
Oh, honey
Though it's sweet, when they lie
The other boys want all your rain to keep their garden alive
But lately

It's raining diamonds, baby
Storming for hours daily
You got sex superpowers, baby
It's raining diamonds, baby
Diamonds, baby
It's raining diamonds, baby
Woo, baby

It's raining diamonds, baby

Diamonds, baby
