

Lullaby

Mikolas Josef

You're the light
That shines on me
You're the only one that I will ever need
And every sky is incomplete
Without a star like you shining onto me
And so baby

If the moon is falling
Down in Colorado
If the stars are calling
Talking 'bout tomorrow
Oh whenever you're not feeling right
Call my name and I will be your
Lullaby
Tonight

Hear the sound
Of your beating heart
It's the melody I follow in the dark
And every cloud
It falls apart
There's a silver lining everywhere you are
Where you are

If the moon is falling
Down in Colorado
If the stars are calling
Talking 'bout tomorrow
Oh whenever you're not feeling right
Call my name and I will be your
Lullaby
Tonight

When you're feeling lonely, when it's dark, when it gets cold
When problems feel like mountains that you climb but can't hold on
Go and lay it all on me
Yeah if you need, I'm always here

So if the moon is falling
Down in Colorado
If the stars are calling
Talking 'bout tomorrow
Oh whenever you're not feeling right
Call my name and I will be your
Lullaby
Be your
Lullaby
Oh your
Lullaby
Tonight
