

# Please Don't Go

Mikolas Josef

I can't take this  
I've been up all night ever since you left  
My heart wasted  
Feels like I can barely catch my breath

And I know that  
I have left you broken  
With everything I said  
How could you wanna stay?

And I'm hoping  
That it isn't hopeless  
I don't want you to end  
The one that got away

Please don't go  
All I need is time, to show  
To show how much I love you  
Just wanted you to know  
You're the one I need  
I'm begging baby please  
Don't go  
Oh  
Oh  
Mhm

Mama told me  
Loving you made me a better man  
How could I not see  
I'm about to lose the best I ever had

And I know that  
I have left you broken  
With everything I said  
How could you wanna stay?

And I'm hoping  
That it isn't hopeless  
I don't want you to end  
The one that got away

Please don't go  
All I need is time to show  
To show how much I love you  
Just wanted you to know  
You're the one I need  
I'm begging baby please  
Don't go  
Oh  
Oh  
Mhm
