Sophia
Oh, Sophia
(Yeah)

Baby you kill me every night and my problem is that I kinda like it
(Yeah you know that I like it)
You set our house on fire to die and wanna have it away
(Wanna have it away)

Yeah but even though my mind
Is stuck in the middle
And every day I'm calling out pan-pan-pan
Yeah even though, my God
I hate you a little
Come tell me what you're doing tonight

Sophia
Oh, Sophia
Yeah, should have not let down my guard for your benzo
I wish you were somebody that I never met
Sophia
(Yeah)

Yeah I know that I should probably go, and talk to someone about it (yeah)
And I'd go but I know
That I'd lie if I said that I don't like it, when you get on my body (uh)
Yeah I know but I hope

That even though my mind
Is stuck in the middle
And every day I'm calling out pan-pan-pan
Yeah even though my God
I hate you a little
You'll tell me what you're doing tonight

Sophia
Oh, Sophia

I wish you were somebody that I never met
Sophia
